

Glen Cannon Emergency Gate Access information

The Emergency Gate into upper Glen Cannon was constructed and paid for (2016-2017) by the GCPOA through donations contributed by two-thirds of Glen Cannon property owners. As it sits on private property outside of Glen Cannon, legal access to the gate was negotiated by the GCPOA through deeded easements from the property owners.

PLEASE, in the event we do need access, drive slowly and be considerate of the Hidden Valley residents on the other side of the gate. This is a private community like ours.

EMS vehicles have legal authority to access Glen Cannon via Clock Crest, via the Gate.

Glen Cannon owners have access to Clock Crest ONLY in circumstances where weather or natural events prevent access to / egress from Wilson Road to the outside world. This gate cannot be used as an alternate exit during typical winter storms or other normally occurring weather events.

In the event of no access via Wilson Road (tree down, flooding, fire) there are only 8 people authorized by the Board to open the gates at top and bottom of Clock Crest. If they deem the circumstances are appropriate, they will open the gates and inform the Clock Crest resident by phone or email. An email will be sent to owners if the blockage is predicted to last a long time.

These are the Board-authorized designees to call in the event of road closure: (call first)**

**Roger Weaver	404-281-3505
Vince Putiri	828-884-3634
Kenneth Hughey	601-668-5150

**Al Ragl	772-215-1664
Rob Gilbert	828-556-1158
Ed Phillips	301-801-7298
